FOOTNOTES

1. **Current Annual Yield** is equal to the annual distribution per unit divided by the current unit value. As at October 1, 2021.
2. **The annualized return** is based on a single unit initial investment in the Skyline Apartment REIT inclusive of unit price changes and reinvested distributions. As at October 1, 2021.
3. **Funds From Operations (FFO)** is a REIT measurement of cash generated from operating rental properties. It is essentially profit from operations, excluding depreciation used for tax purposes and excluding any gains or losses on dispositions.
4. **A payout ratio** indicates what percentage of a company's FFO is being paid out as distributions. Generally, a lower payout ratio may indicate a more sustainable distribution and opportunity for future growth within the Trust. As at June 30, 2021.
5. **Accredited Investors and Eligible Investors** under the Offering Memorandum Exemption. Full definition at <https://skylinewealth.ca/faq>
6. **Unit value** is determined by a Net Asset Value (NAV) model based on evaluations by Senior Management and the Skyline Apartment REIT Board of Trustees.
7. **Unaudited figure.**
8. **Occupancy Rate** for residential portfolio only.

No securities commission or similar authority in Canada has reviewed or in any way passed upon this document or the merits of the securities of Skyline Apartment Real Estate Investment Trust (REIT), and any representation to the contrary is an offence. There is no active market through which the securities may be sold, and redemption requests may be subject to monthly redemption limits. Investors may be restricted from selling the securities for an indefinite period. The indicated rate of return is the annualized return including changes in unit value and reinvestment of all distributions and does not consider sales, redemption, distribution or optional charges or income taxes payable by any unitholder that would have reduced returns. Exempt market products are not guaranteed, their values change frequently, and past performance may not be repeated. The payment of distributions is not guaranteed and may fluctuate. The payment of distributions should not be confused with an exempt market product's performance. Distributions paid as a result of capital gains realized by an exempt market product, and income and dividends earned are taxable in your hands in the year they are paid. Your adjusted cost base will be reduced by the amount of any returns of capital. If your adjusted cost base goes below zero, you will have to pay capital gains tax on the amount below zero. Prospective investors must make an independent assessment of such matters in consultation with their own professional advisors.
